## PTA Membership

We have just crossed the 500 members mark!!! That means we are OVER half way to our goal of having a Voice for Every Child! We are so excited to be surrounded by such supportive parents, family members, and community members. You may be wondering "what does a voice for every child even mean?" A big part of state and national PTA is campaigning and lobbying for services, treatment, activities, laws, and budgets that are beneficial to our children schools! When we have one member for each of our students, that means that each child has a "voice" going to bat JUST FOR THEM! How incredible is that?! A tangible example of that is the tax free weekend before school starts each year, did you know that PTA had a large hand in making that into an annual event? Not only does being a member of PTA benefit our students, it benefits you as parents too! Make sure to check out our next newsletter for a complete list of discounts you can get just by being a PTA member. Join today at [pt-avenue.com](http://pt-avenue.com) and thank you for partnering with us!

**Book Fair will be December 3-7**
